

**E-mail's Renaissance – The Future of E-mail**

Product and Marketing Managers, this webinar will be a great opportunity to invite your technical support team involved with E-mail to hear the discussion on Open Source, cloud-based E-mail APIs, along with the discussion of Product and Marketing Opportunities and Issues around E-mail services.

**Speaker:** Mark Nichols, Sr. Solutions Advisor, Synacor

Mark Nichols is a Senior Sales Engineer for Synacor/Zimbra specializing in email. He has been doing architecture, implementation, and sales support for Zimbra for 10 years and has been engaged with the Open Source Community speaking at his local Open Source User Group meetings. He has a Bachelors Degree in Chemical Engineering from Georgia Tech and has been involved in software for almost 30 years.
